

Bonds Precision Castings

Quality Manual – Appendix 1

Quality Policy & Objectives

Page: 1 of 1

Issue: 3

Date: Oct 2017

The purpose of the Quality Policy is to declare our organizations commitment to an effective Quality Management System (QMS) that complies with the requirements of ISO 9001:2015 and that is designed to enhance customer satisfaction.

This policy has been defined by the top management of Bonds Precision Castings Ltd and is communicated and understood throughout our organization.

It is the policy of Bonds Precision Castings Ltd to provide our customers with goods and services of the best possible quality, consistent with their specific requirements and within statutory & regulatory requirements where applicable.

The key Quality Objectives of Bonds Precision Castings Ltd are:

- To develop and operate an effective QMS which complies with ISO 9001:2015.
- To enhance customer confidence and satisfaction through consistent product conformance, delivery performance and through the development of a relationship founded on co-operation and partnership with the customer.
- To develop a quality culture within the organization that is driven by a commitment to continuous improvement.

The Quality Objective's will be measurable and reviewed at management meetings.

All our employees are made aware of our organizations Quality Policy and Quality Objectives

From its inception our QMS is meant to be comprehensive and effective, however, we shall review and amend our QMS in order to effect continual improvement throughout our business

This Quality Policy and the Quality Objectives shall be periodically reviewed to ensure its continued pertinence and adequacy. In the event of any changes being made, these shall be communicated as soon as practicable.
